

FulmoST

ECA3270A-G-BL

ECA3270A-B

ATX Midi Tower

Features

DESIGN	<p>Fulmo ST – Midi Tower with a Timeless Design and Great Modularity Solid Midi Tower with many features and great cooling performance for workstations and gaming systems. Timeless mesh front and eye-catching LED fans (depending on the model).</p>
	<p>Tinted Acrylic Window To attract envious eyes on high-end hardware and stylish systems.</p>
COMPATIBILITY	<p>Multi-GPU Support 1 vertical and 8 horizontal extension card slots allow for the installation of up to three graphics cards.</p>
	<p>Full Gaming Power Removable HDD cage clears the space for longer high-end graphics cards with up to 412.5mm length.</p>
COOLING	<p>Professional and Upgradable Cooling System One 12cm rear fan and two 14cm front* fans included. Various possibilities for cooling system upgrades due to numerous additional fan slots: two 12/14cm fans at the top, one 12cm fan at the bottom and up to four 12cm fans at the HDD cages.</p>
	<p>Ready for Water-Cooled Systems Supports 240/280mm radiators at the top. Two tubing holes at the back for the integration of high-performance water cooling systems.</p>
	<p>Flexible: Seamless speed control* Synchronous speed control of the integrated two 14cm LED front fans by the help of the speed control knob on the top of the case.</p>
	<p>For Huge Data Collections The case accommodates up to 10 data storage devices (HDD & SSD): Two cages for up to eight 2.5" or 3.5" HDD/SSD and one cage for two 2.5" HDD/SSD.</p>
DATA STORAGE MANAGEMENT	<p>Effective HDD Cooling (optional) The two HDD cages allow for the installation of up to four additional 12cm fans.</p>
	<p>Protection Against HDD Vibration HDD rails with rubber pads effectively reduce vibrations.</p>
	<p>Ultra High-Speed Data Transfer Two USB 3.0 ports on the top panel for a lightning-fast data transfer with up to 5Gb/sec. Connected via internal 19 pin connector.</p>
	<p>SSD ready! Eight multi-support trays for up to eight 2.5" or 3.5" drives and a mobile 2.5" SSD/HDD cage for additional two drives. The cage can be mounted flexibly or at the top, on the top of the bottom 3.5" HDD cage or inside the top 3.5" HDD cage.</p>

Features

INSTALLATION, CABLE ROUTING & OPERATION

Patented Slide-In™ System for ODD

The new screwless Slide-In™ system from Enermax is the quickest and easiest way to mount optical disk drives. After pushing the ODD into the drive bay, it gets locked automatically.

Functional Design for Most Comfortable System Build

Two mobile HDD cages, screwless ODD Slide-In™ system (patented), rails with rubber grommets for a screwless 3.5" HDD mounting, cut-out for a convenient CPU cooler installation, side panels with thumb screws, easily removable front cover, reusable covers for ODD and extension cards, opening for external cable routing at the back side.

Sophisticated Cable Management

Openings and clips for a clean and hidden cable routing. With 32mm clearance behind the mainboard tray and punched out side panel. Mounted at the bottom of the case, the 2.5" SSD/HDD cage can also support the cable routing.

Effectively Shielded Against Dust

Integrated dust filters in the front, the bottom and top of the case.

Bottom-Mounted PSU

Comfortable cable routing and optimized cooling performance thanks to bottom-mounted power supply. With anti-vibration rubber pads and cleanable dust filter at the bottom of the case.

Luxurious 32mm clearance behind the mainboard tray

1 vertical and 8 horizontal extension card slot

Inside the 3.5" HDD cage

At the bottom

To support bottom cable routing

At the top of the bottom 3.5" HDD cage

Easily accessible USB and seamless fan speed control*

Patented Slide-In™ Design from Enermax for ODD

Removable HDD cage to support the installation of longer GPU

Best HDD cooling due to four fan slots at the two HDD cages

Mobile 2.5" cage for SSD/HDD installation

*only ECA3270A-G-BL

VGA Card Support

Advanced Cooling System

Removable hard disk cage to support longer high-end graphic cards with up to 412.5mm length.

Specifications

Model	ECA3280A-B-F		ECA3280A-B-BR-F	
Colour	black		gunmetal grey	
Material	black		gunmetal grey	
Type	ATX Midi Tower			
Material	SECC			
Dimensions (D x W x H)	485mm x 244mm x 513mm			
Drive bays	5.25"	3x		
	3.5"	8x (4x removable)		
	2.5"	10x (8x converted from 3.5" HDD tray)		
M/B	Micro ATX, ATX			
I/O on top	2x USB 3.0, 2x USB 2.0 & HD Audio			
Air cooling	Front	optional: 2x 14cm fan	pre-installed: 2x blue 14cm LED fan with LED on/off function	
	Rear	pre-installed: 1x 12cm fan		
	Top	optional: 2x 12/14cm fan		
	Bottom	optional: 1x 12cm fan		
	HDD cages	optional: 4x 12cm fan		
Expansion slots	9x (8x horizontal, 1x vertical)			
Max. GPU Length	286mm / 412,5mm (without upper HDD cage)			
Max. CPU Cooler Height	185,3mm			
Tubing Holes for Water Cooling	2x			
Certifications & Standards
