

- Patented Dual Chamber water block design
- Patented Shunt Channel Technology
- The luminous addressable RGB fan and Aurabelt™ water block display gorgeous lighting effects with 16.8 million colors
- Exclusive dual-convex blade can create high-volume air flow (72.1 CFM)

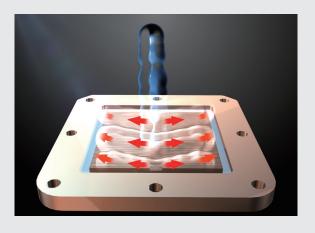

LIQMAX III ARGB, an addressable RGB AIO cooler for Intel® and AMD® CPU platforms, is designed to sync with ASUS Aura Sync, GIGABYTE RGB Fusion, MSI Mystic Light Sync and ASRock Polychrome to display 16.8 million colors and dynamic lighting effects. The Patented Dual Chamber Design water block has a Central Coolant Inlet (CCI) structure, combined with the Shunt-Channel Technology (SCT) on the cold plate, it is able to inject the coolant at the hottest spot to prevent heat surges and shorten the coolant flow path, resulting in faster heat transfer. In addition, the dual-convex blade is able to generate air pressure and high-volume air flow to provide optimal cooling performance. LIQMAX III ARGB cooler is an ideal choice for mainstream water-cooler addressable RGB gaming rigs.

## **Features**

Patented Dual-Chamber Design water block Patented Dual-Chamber Design isolates the pump from the heat to prolong the cooler's lifetime

Central Coolant Inlet (CCI) design and patented Shunt-Channel Technology (SCT)

Patented Dual Chamber Design water block has a Central Coolant Inlet (CCI) structure, combined with the Shunt-Channel Technology (SCT) on the cold plate, it is able to inject the coolant at the hottest spot to prevent heat surges and shorten the coolant flow path, resulting in faster heat transfer The luminous addressable RGB fan and Aurabelt™ water block display gorgeous lighting effects with 16.8 million colors

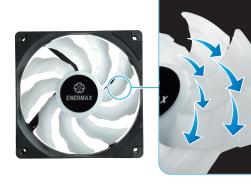

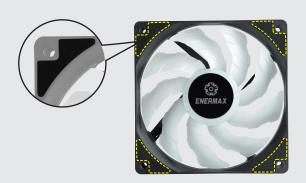

LIQMAX III ARGB is designed to synchronize with motherboards featuring an addressable RGB header (3 pin assignment is 5V/D/G). User can program preferred lighting effects via motherboard software.

Exclusive dual-convex blade fan creates down force air pressure (max. 1.98mmH<sub>2</sub>O) and high-volume air flow (max. 72.1CFM).

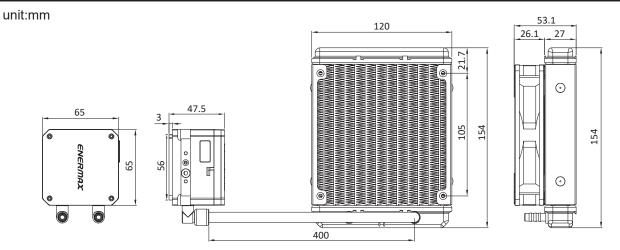

Anti-vibration rubber pads minimize noise during operation

Premium 400mm weaved tubing is perfect for mainstream system builds
